Dear Continuing Education Administrator:

The Council on Optometric Practitioner Education (COPE) was developed by the Association of Regulatory Boards of Optometry (ARBO) to simplify the approval process of continuing education (CE) courses for optometric licensing boards. While COPE's main purpose is to assist our member boards in the review and approval process for optometric CE necessary for license renewal, this system benefits CE Administrators/Providers and Instructors as well.

COPE can help you reduce the amount of work and effort required to obtain approval for your CE programs from individual regulatory boards. Standardized forms and processes shared by ARBO Member Boards eliminates redundancy. Using the COPE symbol for accredited courses in your promotional materials will tell optometrists seeking CE that the courses presented at your meeting are accepted for license renewal in all COPE jurisdictions. As a COPE-Approved Administrator/Provider, you can also search our entire database of qualified courses to help you when planning your next CE program.

Obtaining COPE accreditation for your program is easy. First, you must become a COPE-Approved Administrator/Provider. If you haven't already done this, contact ARBO to obtain an application. Then, you can go to the ARBO website ([www.arbo.org](http://www.arbo.org)) and submit your Event for COPE approval. Simply click on COPE and then click on Administrators Submit Events and follow the step by step instructions. Courses appearing on your program that have already been submitted to COPE are designated as "COPE Qualified". When your Event is approved, these courses become COPE Accredited and will be accepted for CE credit by optometry licensing boards participating in COPE. If there are courses you want to offer in your program that are not yet COPE qualified, please contact the course instructors and ask them to submit their courses for COPE qualification.

All the information you need to submit your Event for COPE approval is in this handbook. Please read the entire handbook before applying for COPE accreditation as this will expedite the qualification process. We recommend that you submit your event at least two weeks in advance of your program.

We would like to thank you for your participation in this valuable program. Your involvement with COPE ensures high-quality continuing education for optometrists, and also helps ARBO in our mission to represent and assist member licensing boards in regulating the practice of optometry for the public welfare. Should you need further information about COPE, or if you need help entering your event, please call ARBO at (704) 970-2710, or email to [arbo@arbo.org](mailto:arbo@arbo.org). For more information on submitting courses for COPE qualification, contact ARBO or see the *Criteria for COPE Qualification of Continuing Education* handbook.

Sincerely,

The Council on Optometric Practitioner Education

Optometric continuing education (CE) is the primary method used by optometric regulatory boards to promote the continuing competence of licensed optometrists. There are a variety of formats by which each optometry licensing board approves CE courses, disseminates course information, records course attendance, and retrieves practitioner data on course completion. One licensing board duplicates much of the administrative work done by another licensing board, and many boards approve the same CE courses every year.

The **Council on Optometric Practitioner Education® (COPE®)**, a national clearinghouse for all CE courses of a statewide, regional or national scope, was created by the Association of Regulatory Boards of Optometry (ARBO) to remove these duplicative efforts by optometric licensing boards, instructors, and program administrators/providers.

By applying to ARBO and agreeing to abide by COPE’s rules and regulations, your organization can become a **COPE-Approved Administrator/ Provider**. In addition to reducing the amount of time and effort you spend securing optometry licensing board approval for your program(s), this designation will enhance the effectiveness of your marketing efforts to practitioners who are seeking COPE-Accredited CE.

COPE is a member benefit of ARBO which currently represents 50 US optometry boards, 4 US territories/jurisdictions, and 3 Canadian boards. COPE’s mission is to:

*Assist member boards in the accreditation and monitoring of optometric continuing education to enhance optometric competence for the protection of the public.*

To create this national clearinghouse, participating optometric licensing boards have agreed upon standards for administration of continuing education courses, and a standard course submission, qualification and accreditation process.

## COPE STANDARDS FOR COMMERCIAL SUPPORT OVERVIEW

As of January 1, 2010, COPE has implemented new Standards for Commercial Support (SCS) of continuing education. Instructors and Administrators/Providers of COPE-Accredited CE must agree to abide by the following standards regarding commercial support. **Note:** See the full COPE Standards for Commercial Support on pages 16-18 .

1. COPE-Accredited CE must be identified, developed and presented free from the control of a commercial interest.
2. Every person in a position to impact the content of COPE-Accredited CE must disclose all relevant financial relationships to the COPE-Approved Administrator/Provider and to the Learners.
3. In order for a CE event to be COPE accredited, all commercial support must be in the form of an educational grant to the COPE-Approved Administrator/Provider documented by a signed agreement between the COPE Approved Administrator/Provider and Corporate Supporter.
4. There must be a clear separation of any type of product, service, and instrument or device promotion with COPE-Accredited Courses. These activities, such as commercial exhibits and advertisements must be physically separated from and not interfere with COPE-Accredited Courses.
5. All COPE-Accredited Courses cannot deliver specific proprietary business interests and must give balanced coverage to treatment options.
6. To maintain transparency, financial relationships with commercial interests of any persons in a position to impact or control the educational content must be disclosed to the learners. This includes instructors and planning committee members.

# OBTAINING COPE APPROVAL FOR YOUR EVENT

**IMPORTANT:** All courses which will be held at your event must be COPE qualified prior to submitting the event. It takes approximately 4-6 weeks for a course to go through the COPE qualification process. For more information on submitting individual courses for COPE qualification, contact ARBO for a copy of the Criteria for COPE Qualification of Continuing Education handbook or go to [www.arbo.org](http://www.arbo.org) and click on COPE.

Obtaining COPE approval for your event is easy. Your first step is to apply to become a COPE-Approved Administrator/Provider. Contact ARBO at 704-970-2710 or submit your application online at [www.arbo.org](http://www.arbo.org). Click on COPE and then click on Administrator Qualification to access the application. Your organization must agree to abide by COPE's rules and regulations in order to become a COPE-Approved Administrator/Provider.

Once you have been approved by COPE, you can submit the event through the ARBO website. You will need to submit each event (e.g. meeting, conference, online) your organization administers only once regardless of how many courses will be held at the event. For example, if your organization administers a single, three-day annual meeting that presents CE courses for attendees and is called "XXX Annual Meeting 2010", you are required to submit only one COPE Event for the entire meeting (not one for each course presented in the meeting). It is recommended that you submit your COPE Event to the ARBO website at least two weeks prior to your scheduled event.

Once ARBO has received your COPE Event submission, you will be sent an email confirming your submission and giving you the Event ID number. We will then verify your course(s) against our database of COPE-Qualified Courses and check that all the necessary materials have been submitted. Once your event is approved, the courses that were COPE qualified are now considered "COPE-Accredited Courses" and can be promoted as such. You will receive an email from ARBO notifying you when your event has been approved. Your event and list of courses are then posted on the ARBO website for access by all participating optometric licensing boards.

An electronic copy of the COPE logo is available, without charge, to COPE-Approved Administrators/Providers to use in promotional materials to help identify the status of CE approval to your meeting attendees. Contact ARBO for an electronic copy of the COPE logo.

Remember that each COPE-Qualified Course has a unique COPE Course ID number. Your COPE-Qualified Event will also be assigned a COPE Event ID number. You must include these COPE ID numbers in all correspondence to ARBO, optometry licensing boards, and on all CE attendance certificates.

***Please Note:***

- When submitting your COPE Event on the ARBO website, always check that the contact information we have for you is accurate. We must have your correct email address in order to respond to you about your event.
- For your event to be approved, you will need to attach:
  - COPE-Qualified Course ID numbers for all the courses being held at your event.
  - A copy of your promotional literature or registration materials for the meeting.
  - A copy of the attendance certificate which will be distributed to the meeting attendees.
- Remit the necessary event processing fee identified on the website. Events will not be approved until payment is received.
- Submit your event to ARBO at least two weeks in advance of the meeting date.
- You must submit your attendance data to ARBO within 30 days following your event (see page 9).

**COPE-Accredited CE Credit**

It is important to remember that when you advertise a COPE-Accredited course, you are informing course attendees and optometric licensing boards that you are a *COPE-Approved Administrator/Provider* of CE Events, presenting *COPE-Qualified Courses*. Only *COPE-Approved Administrators/Providers* may advertise a course as COPE Accredited.

**Remember:**

$$\begin{array}{c} \text{COPE-Qualified Course(s)} \\ + \\ \text{COPE-Approved Event} \\ = \\ \text{COPE-Accredited CE} \end{array}$$

### J. Acceptance of COPE On-Site Reviewers:

Administrators/Providers agree to accept COPE-designated on-site reviewers at COPE-Accredited Events and understand that such reviewers will appear randomly, without advance notice. The reviewer may present an official letter from COPE verifying his/her status as a COPE on-site Reviewer, and must be permitted to attend without being required to pay a registration fee.
