### **Conflict of Interest**

Circumstances create a conflict of interest when an individual has an opportunity to affect CE content about products or services of a commercial interest with which he/she has a financial relationship.

COPE considers 'CE content about products or services of a commercial interest' to include content about specific agents/devices, but not necessarily about the class of agents/devices, and not necessarily content about the whole disease class in which those agents/devices are used.

### **COPE**

The Council on Optometric Practitioner Education (COPE) is a member benefit and program of the Association of Regulatory Boards of Optometry (ARBO). The mission of COPE is to:

- accredit continuing optometric education courses on behalf of state boards on a national basis;

- create a uniform method of recording continuing education courses on a national basis;

The instructor, according to the major emphasis of the course content, categorizes each course; courses may be reallocated to a different content area by COPE during the review process, or at any point subsequent to its acceptance. All COPE Accredited Courses appearing in promotional materials or programs must carry the COPE logo, course ID#, course category and event ID#. The same information must also appear on the documentation provided to course attendees for boards of optometry to use when verifying CE credit for license renewal.

### **Course Demographics**

Key course information critical to the categorization, processing, and review of a course submitted to COPE. Much of this information is entered into a database and is made available to state boards of optometry (attendance and course authentication), program administrators/providers (future program planning), and general practitioners (future CE program attendance planning).

Each course is given a unique identification number when it becomes COPE Qualified. If the course is discontinued after Qualification for any reason, the number is not used for another course. The number consists of up to five digits followed by two letters, which indicates the content area for the course, i.e., 5344-PH, where 'PH' indicates the course content area as Pharmacology. When such a Qualified course becomes COPE Accredited, (i.e., it is being presented by a COPE Approved Administrator/Provider within a COPE Qualified Event), this number can be used in promotional materials (with the COPE symbol) for reference purposes. All documentation provided to a doctor for submission to a licensing board, such as a certificate of attendance slip, must include both the COPE Course and Event Numbers. This is necessary as state boards require the numbers when the course documentation is submitted to authenticate the course with COPE records; only then will states award CE credit for license renewal.

### **Course Outline**

A Course Outline is a basic guide to the key learning elements contained in a course. Usually laid out in bullet format, a Course Outline should be in sufficient detail so as to permit either the participant or an observer the ability to clearly follow along throughout the presentation. An outline can be considered sufficiently detailed if an observer is able to enter the presentation and after 5 or 10 minutes be able to locate where in the outline the presenter is. As a rough guide, a 1-½ to 2 page outline is typical for a one-hour course.

Additional increments of credit are in 0.5 hours, where 0.5 hour of credit is based on 25 minutes of instructional time. For example, 1.5 hours of credit = a minimum of 75 minutes of instruction; 2.0 hours of credit = a minimum of 100 minutes of instruction, etc.

Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership of advisory committees or review panels, board membership, and other activities from which remuneration is received or expected. COPE considers relationships of the person involved in the CE activity to include financial relationships of a spouse or partner.

With respect to personal financial relationships, 'contracted research' includes research funding where the institution gets the grant and manages the funds and the person is the principal or named investigator on the grant.

With respect to financial relationships with commercial interests, when a person divests themselves of a relationship it is immediately not relevant to conflicts of interest but it must be disclosed to the learners for 12 months.
